

How Do I Get Started?

Most Retailers Start with an Assortment... (see p.10)

Assortments save you about 6%. The #1601 Extreme Value Pack (shown) is our best selling 25 stick assortment and the display fixture is free with the first order. It takes up 1 square foot. Your cost is \$422 and the retail value is \$845. Many retailers continually reorder this assortment and others place fill-in orders monthly to keep it stocked. Call us if you would like us to suggest an assortment for your customers, we're pretty good at "guessing" what's right after nearly 30 years.

"Sticks are no different than tomatoes, nobody buys the last three. Keep your assortment well stocked!"

—wise merchant (thanks Scott)

Buy a Stick, Plant a Tree! The Planter's Staff™

The Hang-Tag on this Hickory Hiking Staff is also a seed-packet that contains evergreen tree seeds (spruce and pine). The sticks are a product of forest management and fire mitigation, and your customers can go forth and repopulate the planet! (Planting instructions included.) Each stick includes 54" Hickory Staff, rubber tip, leather wrist strap, seed-packet hang-tag (UPC code on back).

#8001 (each)

or

#8012 for the 12-pack.

Welcome to Whistle Creek!

“America’s Walking StickSM”

Since 1984, Whistle Creek has been your “always in stock stick store”, providing you with **US Made** walking sticks and unique outdoor products.

Our “Success Guarantee” – You tell us we offer the “cream of the crop” in walking sticks. That’s why we offer our “Success Guarantee” – **“If for any reason you wish to return or replace one of our products, we’ll buy it back, no questions asked!”** (see order form for details)

Join Thousands of Retailers Nationwide, including Sporting Goods, Apparel, Hardware, Gift Shops, Museums, Book Stores, Footwear, Park Concessions, Campgrounds, Boy Scout Council Shops, Garden Centers, Birding Stores, Travel Stores, Visitor Centers, Resorts, Lodges, B&B’s, Restaurant Gift Shops, Catalog Retailers, Membership Organizations, Specialty Shops and more.

“We Have An Assortment for That” - We hope you’ll discover how a display of Whistle Creek products can become one of the **“Most Profitable Square Feet”** in your store! Most retailers begin with our display stand and one of our assortments, often adding single styles to personalize it, then re-order the best sellers to keep their display stand full. See assortments on pages 10 & 11!

#1601-Extreme Value Pack
See page 10 for details.

“Green” Walking Sticks

Besides being the ultimate **Renewable Resource**, our products are the result of ongoing **Forest Management** and **Fire Mitigation Plans**, proudly **Hand-Crafted in the US** using **Low Impact Manufacturing** techniques. Unlike some “modern” metal poles, wood hiking and walking sticks are both **Eco-Friendly** and **Lightning-Safe!** How to Recycle? **“When you’re done with your walking stick, either return it to the forest, or pass it on to your grandkids!”**

Professional Products – Each Whistle Creek stick comes to you with a descriptive hang-tag (UPC), leather wrist strap, and long-life rubber tip. We provide replacement parts on request to keep your merchandise fresh and always ready to sell.

Promotions, Premiums and Name-Drops

Call us about customizing your sticks for special events or to provide a unique presentation. For example, we can attach a laser etched **leather fob**, or even **laser engrave** a chrome knob handle.

Whether you’ve been our customer for 25 years, or this is your first encounter with us, please know that it’s an honor for us to hear your voice on the phone!

Chief of Staff

America's Wildlife™ Series

Celebrate America's Wildlife with this new series of hiking staffs that convert to become a monopod for mounting

your camera!
We start with select kiln-dried American Hickory, then we top it off with a beautiful reproduction of one of America's most admired wildlife creatures. The back side of the knob portrays the animal's paw-print or feather!

Actual Size!

MonoPod Feature –

Remove the knob and mount your camera, binoculars or spotting scope using the industry-standard 1/4-20 bolt and leather washer built in to the top of the staff. No more blurred images!

12-Pack Assortment

The 12-pack assortment for this series includes the stand.

#1905 - Bear

#1906 - Bald Eagle

American Wildlife Series shown with #1503 12-staff Display Stand

The Classic™ and Tracker Series™

These sticks have been around for thousands of years - about all we've added is the rubber tip. After over 20 years of trying different styles, we've fine-tuned the line to these basic designs - guaranteed to make you smile! These products can be ordered individually (see model numbers below) or as part of an assortment (see pages 10 & 11).

All Whistle Creek sticks include a leather wrist strap, descriptive hang tag with UPC code and long-life rubber tip.

The Tracker™ Series (below right) is available in either Hickory or Sassafras and features an embossed Paw-Print strap with North American critters - attractive, functional and educational!

Specialty Sticks

To round out your collection - try a compass-topped hickory stick (#1429 below), or one with a Whistle carved in the top! (available in #1442 Sassafras or #1444 Hickory) Our #1421 Hickory

#1429 Hickory w/Compass Top

Whistle Stick

Thumb Stick originated in England - also called a "snake" stick or "shooting" stick over here.

What Size Stick for Me?

Hiking sticks (left) should be 6 to 9" above your elbow to help you get down a hill (you need to reach). Walking sticks and canes (right) are different. First, place your arm to your side with the elbow slightly bent. The top of the handle on the stick should be at the break in your wrist. All of our sticks can be shortened by removing the rubber tip, sawing off what is not needed and then replacing the tip. Orthopedic patients should consult their physician.

Walking Sticks

At Whistle Creek, it is our belief that a walking stick is something you should be proud of, and we make sticks that attract compliments. Whether you use your stick for night-time dog walks, urban protection, daily exercise or some orthopedic need, we believe that your trusty walking stick should be something you enjoy picking up every time you use it.

Our Country Walking Sticks (shown below) are made of great American woods like Sumac, Hickory, Hawthorn and Oak. The brass and nickel Horse-Hame harness-handled sticks (right) are cherished by their owners and real attractions in your display stand. These also come as a package - see "Just Canes" Assortment on page 11.

The American Craftsman Series

The American Spiraled Country Series

Learn how **profitable** it is to offer your customers a fine **American-made piece of functional art**. With these beautiful walking sticks your customers will step out in style, and send many referrals your way. People **WILL** stop them and ask where they got that stick, and they **WILL** send them your way. That's just how it works.

- Classic Craftsman-Style
- Made from Sassafras, Oak, Hickory
- Adjustable length - instructions included
- Descriptive Hang Tags
- Leather Wrist Straps
- Long-Life Rubber Tips - replacements available

Guaranteed Results - As with all of our products, you'll either be happy with these or we'll buy them back, it's really that simple.

Aspen

Hand-crafted from Aspen, these are strong and light weight hiking sticks.

Native to cold regions with cool summers in the north of northern hemisphere in the mountains.

All of the Aspens typically grow in large colonies, derived from a single seedling and spread by means of root suckers.

Each Aspen is dried, sanded and finished with a nice coat of lacquer, and fitted with a long life rubber tip and hang tag.

Available in 54 inch, thickness may vary and are basically straight.

- #1490 - Ash Stained Walnut Spiraled Hames Cane - 37"
- #1492 - 54" Aspen Hiking Staff - Aspen Shaft - 54"

The Discovery Series™

I've been known to say that "if Frank Lloyd Wright wanted a walking stick, this is the one he'd have." From the ground up, our Discovery Series sticks have been designed for good looks, exquisite design, outdoor performance, light weight and substantial tensile strength. The result is one of the most unusual walking sticks on the market.

We start with select kiln-dried Douglas Fir, allow for a roomy grip, then carve a striking double-helix twist starting just below the hand-hold, tapering down to the rubber tip. Awesome! Each Discovery stick is 55" tall and available in one of three stains, cherry, black or natural. We polish them off with a luscious coat of varnish, leather wrist strap and durable rubber tip. You'll be confused as to whether this belongs in your truck headed for the National Park or on display in your office. Why not both?

#1450 Discovery Series
12-pack assortment

Order as Follows:

Model#	Description
#1452	Discovery 55" Cherry
#1454	Discovery 55" Black
#1456	Discovery 55" Natural
#1450	12-pack Assortment (4 of each style)
#1501	Display stand, order separately

"SOTOL" (Desert Candle)

Hand-crafted from the bloom-stalk of the *Dasyllirion Leiophyllum*, you will find these great hiking staffs to be lightweight and very strong.

Found in the desert Southwest, the Sotol produces a magnificent bloom-stalk 6 to 10 feet high each Spring. Once Mother Nature is done, we harvest them, leaving the plant to produce another walking stick the next season.

Each Sotol Hiking Staff is hand selected, carefully cleaned, dried & sanded, finished with a smooth lacquer coat and fitted with long-life rubber tip, leather wrist strap and descriptive hang-tag.

Available in 48" or 54", thickness varies, most have a slight natural bow to them.

Sotol Order Information:

(Please use these item numbers on order form)

- #1407 - 48" Sotol hiking staff
- #1408 - 54" Sotol hiking staff

Nothing Fancy™ Assortments

You're the boss - While most retailers have great success with our more varied assortments, others just want plain hiking sticks or use these assortments to refill their displays.

Just what it says - With Nothing Fancy™, you get an equal mix of 48", 54" and 59" sticks in our best-selling woods, hickory and sassafras. Available in 12, 18, 24 and 30-packs for your convenience.

No short-cuts - Each stick comes from our Classic Series and is equipped with long-life rubber tip, leather wrist strap and descriptive hang-tag with UPC code.

#6018 - Nothing Fancy™ Assortment shown left 18-pack assortment See chart below for other quality assortments

Display Fixtures

Our "Magic Square Foot" display fixtures are both affordable and functional, each taking up less space than a customer in your store. Many retailers have several displays throughout the store. You'll have fun watching your customers fondle and try different styles as they walk about your store!

Our best-selling #1501 holds 25 sticks (shown left holding the "Nothing Fancy Assortment") and takes up about a square foot of floor space.

Remember to stock walking and hiking sticks for customers of all ages when ordering for your store. Sticks make terrific gifts and most retailers experience multiple sales from the same customer as long as they have product available for everyone on the customer's shopping list. Don't forget the "Just for Kids" sticks as well as the Scout and Tracker Series for family campers. Also choose styles from our line of walking sticks because everyone has a friend or relative with a knee or hip issue that needs a little help getting around. Check stock on a regular basis too because "you can't sell from an empty bucket!"
